

QUERIES AND ANSWERS

Civil Service Examinations. Please answer through your query column the following questions. First, When does the next civil service examination take place? Second, To whom should applications be made? Third, What is the value of old coins, nor advertise those who deal in them.

Old Coins. Will you please give in your query column the address of some reliable dealer in old coins, and oblige a subscriber. J. W. R. Once again, let us state that we cannot answer questions relating to the value of old coins, nor advertise those who deal in them.

Washington Hospital. Will you please be so kind as to answer in your next query column if there is a hospital in Washington, D. C., that will admit ladies to train for nurses? If so, what is the address, or how would I send them an application? By so doing, you will greatly oblige an old subscriber.

Lily Bulbs. Address, Superintendent Providence Hospital, Garfield Hospital, or Columbia Hospital, Washington, D. C. Kindly tell me in query column what time of the year is the best time to plant lily bulbs? Obliging, MRS. C. Easter lily bulbs are all imported from Bermuda and should be planted immediately after their arrival. See a local dealer.

A Delicate Question. Editor of The Times-Dispatch: Will you please answer the following question: Can a man hold or be registrar of voters, a road commissioner and a member and clerk of the County School Board? Would it be right under the new Constitution? A. B. Our correspondent raises questions of doubt, which we prefer not to answer.

Floriculture. I have a fine clematis about 12 years old and eight feet high; would like to remove to another part of the lawn. Please state in your query column if there would be much risk in moving it, and if not, give directions and best time of year for moving. SIBSCHILDEN. Clematis plants should be transplanted in the latter part of February. Dig a large hole on lawn, where plant is to be planted, then lift plant with a good big ball of soil, care being taken not to break the roots more than possible; then plant in hole already prepared, pressing earth down firmly.

The Liquor Law. Editor of The Times-Dispatch: Sir—A. who is a retail liquor dealer, asks B. the permission of using his name in his liquor advertisements. A. promises to his (A's) reliability, etc. Parties receiving the circulars from A. with B's name on as reference to A's reliability, calls B's attention to that B immediately states that he is not well acquainted with A and knows him to be a very upright and reliable citizen, and can be depended upon to trustworthily in every respect. Would this matter be in violation of the Mann liquor law or any of the revenue laws whatever? A. B. We know of no provision of any law which prohibits such an endorsement of A by B.

Governor Nicholas. Editor of The Times-Dispatch: Sir—Can you or any reader of your paper tell me the burial place of Governor Nicholas of Virginia? E. S. N. It cannot now be stated positively where Governor Nicholas was buried, but it is thought at his country seat, "Warren," in Albemarle county. We quote from Brock's "Virginia and Virginians," Vol. 1, page 12: "His constitution had always been delicate, and the physical fatigue and mental anxiety, which he had undergone in his later years of public service, had seriously impaired his health. A journey on horseback was advised as salutary by his physician. He accordingly thus set out from home, but upon reaching Montpelier, the residence of ex-President Madison, in Orange county, he found himself too feeble to proceed, and returned to 'Tufton,' the residence of his son-in-law, Thomas Jefferson Randolph, the grandson of Thomas Jefferson. Here he lingered, each day hoping to be well enough to return to his own home. Mr. Jefferson and Mr. Madison (the latter being then on a visit at Montpelier), with both of whom his relatives had always been of the warmest personal friendship and confidence, visited him frequently, and all was done which affection could suggest for his recovery, but without avail. On the 10th of October, 1820, he suddenly expired whilst in the act of dressing."

Price of Gold. Editor of The Times-Dispatch: Sir—Please answer the following: 1. What is the present market value of an ounce of gold? 2. Of an ounce of silver? Fine gold is worth about \$20.67 per ounce. Silver, 62-14 cents an ounce.

The Law of Inheritance. Editor of The Times-Dispatch: Sir—Will you please give information in the query column about the following? If man and wife died without making a will, leaving no children, the wife having died first, who inherits the property? They both together bought property. This being mentioned in the deed, are both parties of the relatives entitled to property, and how? A READER. The woman's interest will go to her relatives and the man's to his. After it is determined what is the respective interest of each, it will pass according to section 2548 of the Code.

Language of Stamps. Editor of The Times-Dispatch: Sir—Will you kindly give me through your query column the language of postage stamps or tell me where it can be obtained. By "language," I mean the placing of postage stamps in different positions upon the envelope, so as to ask and answer questions. Thanking you for your courtesy in the matter, I am, etc. AN OLD SUBSCRIBER. Perhaps some of our young readers can give the information. If so we will be glad to publish it.

Colored Teachers. Editor of The Times-Dispatch: Sir—Please answer the following questions in the query column of the Weekly Times-Dispatch: Since the State has cut off the college course from the State school for colored youth at Petersburg, where will the State look for teachers for such high schools? The collegiate course at the Virginia Normal and Industrial Institute was abolished by the General Assembly because only a very few took the course each year, and because, in the opinion of the most enlightened educators of the colored race, including such men as Dr. Friesell, of the Hampton Institute, and Booker T. Washington, of Tuskegee Institute, the colored people need industrial training at the present time far more than they do a knowledge of Latin, Greek, Hebrew and Sanskrit. When the collegiate course was abolished, a course of manual and industrial training, both for men and women, was inaugurated in the school. Since the change was made, the number of students every year has greatly increased and the efficiency of the school has been greatly promoted.

Legal Rights. Editor of The Times-Dispatch: Sir—Please answer in your query column: A, B, C and D bargain to buy a farm. They make the first payment all right, the rest in three equal payments. Then B, C and D got together and decided to put A out of the bargain and contract before their times was out. They also used the fourth of the crop as third, leaving out A's share. A. tried to borrow some money on the farm, leaving out A as a partner. Could this lawfully be done, and what

WARNER'S SAFE CURE

Mr. J. S. Murray, of 43 Broadway, Rochester, N. Y., in writing of his remarkable cure, says: "I was taken seriously ill, and though under the care of skilled physicians, my complaint baffled them. Symptoms of Bright's Disease developed. I was in a most critical condition when I began to take WARNER'S SAFE CURE. My health has been restored, and the cure in my case is complete. It is wholly due to WARNER'S SAFE CURE." CURES KIDNEY DISEASE. WARNER'S SAFE CURE is purely vegetable and contains no harmful drugs. WARNER'S SAFE CURE has been prescribed by leading doctors for 25 years, and used in nearly all the prominent hospitals. WARNER'S SAFE CURE PILLS taken with WARNER'S SAFE CURE move the bowels gently and aid a speedy cure. WARNER'S SAFE CURE is now put up in two regular sizes, and is sold by all druggists, or direct, at 50 CENTS AND \$1.00 A BOTTLE. Refuse substitutes, containing harmful drugs, which injure the system. TRIAL BOTTLE FREE. To convince every sufferer from diseases of the kidney, liver, bladder and blood that WARNER'S SAFE CURE will cure them, a trial bottle will be sent ABSOLUTELY FREE, postpaid, to any one who will write WARNER'S SAFE CURE CO., Rochester, N. Y., and mention having seen this liberal offer in The Times-Dispatch. The genuineness of this offer is fully guaranteed. Our doctors will also send medical booklet containing descriptions of symptoms and treatment of each disease, and many convincing testimonials free to every one.

covery, but without avail. On the 10th of October, 1820, he suddenly expired whilst in the act of dressing." As "Tufton" is not many miles from "Warren," his own home, the presumption is that he was buried at his home, his ancestral home and birth place, "The Retreat," in Hanover county, being too remote before the days of railroads.

Legal Tender. Editor of The Times-Dispatch: Sir—I will thank you to answer the following question in queries and answers: A man owns certain shares of stock in a corporation, which, among other things, runs a store. The shareholder offers his stock at its market value in payment of his store account, with the company. Can the company refuse to accept the stock thus offered? A READER. Certainly, unless there was some special stipulation by which the company agreed to accept the stock in payment. The course to pursue would be to sell the stock at the market value and apply the proceeds to the debt. Stocks are not a legal tender.

The School Fund. Editor of The Times-Dispatch: Sir—Is the State school fund income of Virginia apportioned equally among all the school children of the State, or do the children of cities (colored as well as white) receive therefrom \$4 per head, while those in the rural or country districts only receive 85 cents per head? The writer has been so informed, but cannot believe such injustice is practiced in Virginia. Western and Northern States make no such distinction, but cannot say how it is with the Southern States. Please give this information and growth oblige. J. B. J. The State school funds are apportioned to the various school divisions in proportion to the number of children of school age in each division. The total amount of State funds apportioned to the various school divisions last year was at the rate of \$1.64 for every child of school age in Virginia, and there was no discrimination whatever between the counties and cities.

The writer of the above question has evidently been misled by the fact that the cities make a much larger appropriation out of their local treasuries for school purposes than counties do. The counties receive from the State school funds a much larger appropriation than they pay for this purpose.

Declaration of Independence. Editor of The Times-Dispatch: Sir—Will you kindly answer the questions found below in the query column of next Sunday's paper (October 22d): 1st. Are there three Declarations (Declaration of Independence, Mecklenburg Declaration and I think, the Declaration of the United States)? 2nd. If there is a Mecklenburg Declaration (which history gives, dated May 20th, 1775), and a Declaration of the United States, where can a complete copy of these two be found and what will they cost? A. W. V. The Mecklenburg Declaration, which was adopted by a public gathering at Charlotte, Mecklenburg county, N. C., on May, 1775, although some put the date as late as May 31st. The resolutions were similar to the famous Declaration of July 4, 1776. For more detailed information, we suggest that our correspondent write to the Secretary of State, Raleigh, N. C. The Declaration of July 4, 1776, may be seen in the Code of Virginia, or any encyclopedia and in most histories of the United States.

Riis, friend of President Roosevelt and worker for reform in the poorer districts of the Eastside, declared to-day that he would support Mayor McClellan until he is elected, because he has made a good, honest, an efficient Mayor. He is George B. McClellan, and deserves and will get no thanks of the people of New York and their youth.

The fashionable figure has again changed. The "W. B. Nuform," our most recent origination, will furnish your figure with the "proper" shape. Higher in the bust, slenderer at the waist.

Our well-known "Erect Form" models (for which some figures are better adapted) show a marked improvement over their former perfection. The choice in W. B. Corsets is so complete that you can always count upon models which will fit and wear perfectly. These were the only corsets which were unqualifiedly endorsed by the National Dressmakers' Conventions. On sale at all dealers.

"Reverse Gore Nuform." The gores run in a direction opposite from the usual gores, counteracting the natural tendency of the body to strain the corset at the abdomen and hips—thus producing a very snug and smooth fit below the waist line, and flattening the lower back. Reverse Gore Nuform 420. For well-developed figures. The new high bust and nip at the waist. \$2.50. Same as above with finer trimming and hose supporters at front and hip. \$3.00. Reverse Gore Nuform 423. ERECT FORM 403 (Average Figures). Medium above the waist—rather deep hips. Shows waist very clearly. Of white or drab coutil and white batiste. Sizes 18 to 30. Price \$1.00. ERECT FORM 406 (Medium Figures). Has the "ac-cu-bur" and deep hip with unbroken apron extension. Hose supporters on front and sides. Waist is plainly defined. In white or drab, coutil and white batiste. Sizes 18 to 30. Price \$1.50 and \$2.00. ERECT FORM 720 (Average Figures). Has medium bust and long deep hips. For women who do not wish extreme low bust. Hose supporters on front and hips. In white and drab coutil and white batiste. Sizes 18 to 30. Price \$1.00. ERECT FORM 730 (Slender Figures). Built with moderate height above the waist line and short box hips. Made of coutil-batiste (white only) combining the strength of the one cloth with the lightness of the other. Sizes 18 to 30. Price \$1.50.

WEINGARTEN BROTHERS, Makers, 377-379 Broadway, New York

Hams as surety, was promptly given, and the sheriff proceeded to issue the hundred and one notices to the defendants in the case. These were placed in the hands of Sheriff John E. Epps, who served the most of them last night at Concordia Hall, where the striking printers were holding a meeting.

Sheriff Epps found a majority of the strikers about Concordia Hall last night, where a meeting of the Union was being held, and he served the most of the notices.

The notice of the injunction was something of a surprise to the men, and created considerable excitement at first, but after they had taken time to think the matter over they regained their composure, and were disposed to regard the injunction as evidence that they were making quite an impression.

The strikers were not disposed to talk for publication, but an officer of the Union finally said to a Times-Dispatch representative: "The Union as a body has violated no law, and so far as I know and believe no member has done anything unlawful; therefore injunctions do not frighten us. I do not know what action, if any, the Union will take, except that I know we are going to keep within the law. As long as we do that we have nothing to fear. Personally, I think this injunction business goes to nothing, and we are in good shape, and I believe we are going to win in this fight."

As far as could be learned, the Union took no action last night in regard to the injunction, but the probability is that a motion to dissolve the enjoining order will be made before Judge Grinnan before November 6th.
